## DR. COREY WINN, PT

I've been a physical therapist for 15 years, specializing in care for individuals with progressive neurological diseases. My passion is helping patients and families access the resources, equipment, and therapy that make daily life safer, easier, and more independent.

In addition to my work with The Carl Edward Foundation, I also contract with Able Care Mobile Therapy to provide:

- In-person Wheelchair seating & mobility evaluations in Colorado Springs and Monument
- Telehealth evaluations statewide!

Please don't hesitate to reach out with questions or for support—I'd be honored to serve you.

## THE CARL EDWARD FOUNDATION

The Carl Edward Foundation  
Empowering lives. Restoring dignity. Advancing independence.

As Founder and CEO, I'm honored to lead a mission focused on supporting patients with progressive neurological diseases and spinal cord injuries. We provide grants for essential equipment, home modifications, and resources not covered by insurance.

We are currently building our funding base so that when we open applications for disbursement this fall, we can make the greatest possible impact for patients and families.
